Mr. Clinton Golden
Steel Worker's Organizing Committee
3600 Grant Building
Pittsburgh, Pa.

Dear Mr. Golden:

I am sending you under separate cover twenty-five galley proofs of one of the exhibits entered at our recent hearings. I trust you will find them helpful.

I can also supply this additional information: The Clyde Cassell mentioned, according to one of our informants, is now employed as a foreman in one of the Youngstown steel works. He sometimes uses the name Castle.

W. H. Gray is, of course, the same Gray who testified at our hearings - solicitor, operative and top-notch hooker of the Atlanta office of R. A. & I.

The name of Peter Lambros is misspelled, with a final "e".

Yours truly,

Harold Weisberg, Editor
Sub-Committee of the
Committee on Education and Labor
